

Enhance engineering productivity and accelerate time to market with the Motorola PowerQUICC™ Evaluation Kit from Avnet Design Services. The evaluation kit includes a Linux kernel and board support package to make it easy to begin development of your application right out of the box. Also included is an evaluation version of Metrowerks CodeWarrior Development tool making the kit a complete development platform.

The Motorola PowerQUICC™ delivers an integrated platform to develop and test designs targeted to the highly advanced Motorola MPC857T Integrated Communications Processor. The MPC857T PowerQUICC™ processor offers a versatile one-chip integrated microprocessor and peripheral combination that can be used in a variety of controller applications. It particularly excels in both communication and networking systems demonstrating the enhanced benefits of the leading edge network controller solution. A variety of memory technologies are implemented to allow full utilization of the MPC857T controller functions. The kit features 10/100 Ethernet, Type B USB, and RS-232 console interfaces to transport processed data via an AvBus parallel interface from a host system. A complete software development suite is included with the kit for maximum design flexibility. Let Avnet Design Services shorten your design cycle with the Motorola PowerQUICC™ Evaluation Kit.

### Features:

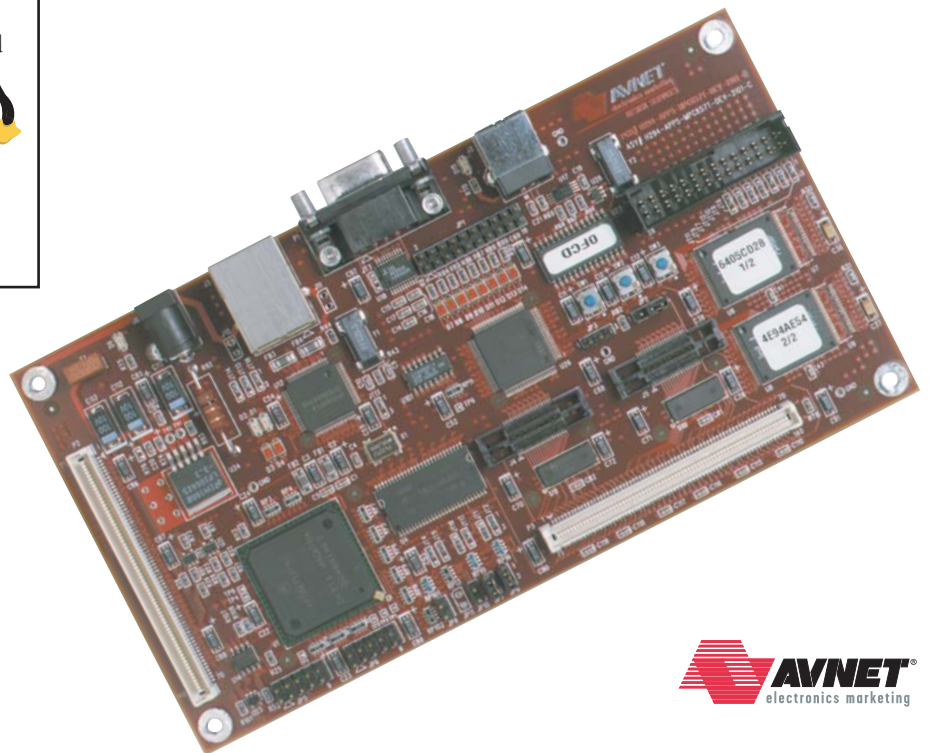

- ▲ Processor/Interfaces
  - Motorola MPC857T PowerQUICC Communications Processor
  - AvBus Expansion Connectors
  - JTAG
- ▲ Memory
  - 64 Mbyte SDRAM
  - 16 Mbyte FLASH
  - 1 Mbyte SRAM
  - 4K bits serial EEPROM
- ▲ Communication
  - RS-232 Console Port
  - USB 1.1 Port
  - 10/100 Mbps Ethernet Port

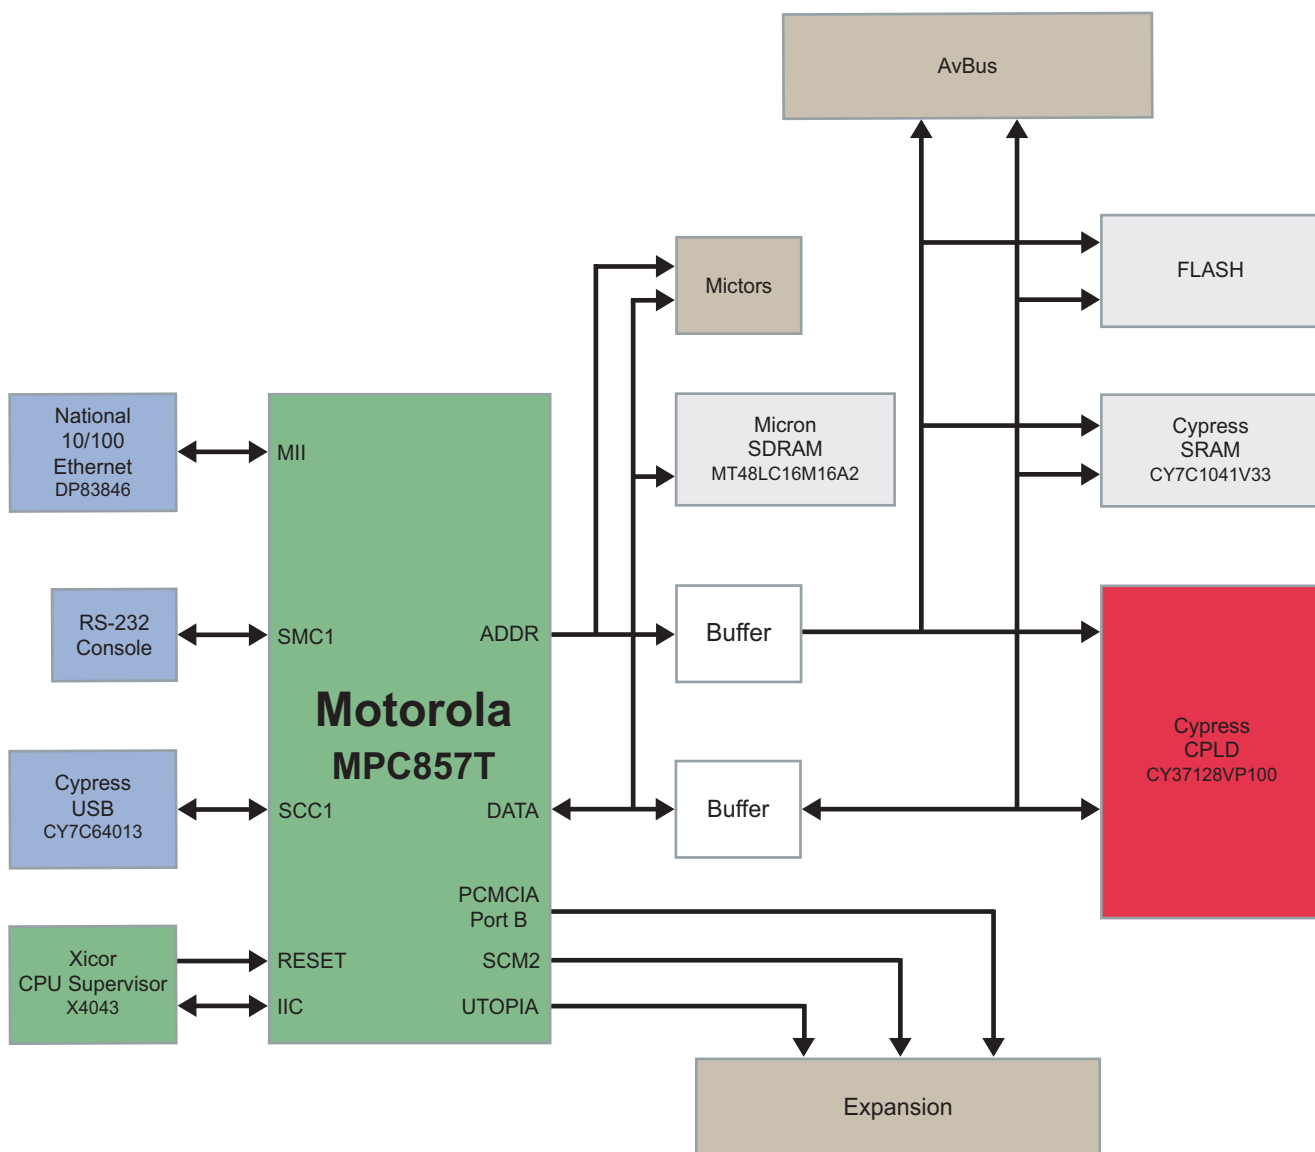

### Target Applications:

- ▲ Voice over I/P
- ▲ Optical line cards
- ▲ DSLAM
- ▲ Network security
- ▲ Home gateway
- ▲ IPPBX

#### The Motorola PowerQUICC™ Evaluation Kit includes:

- Motorola PowerQUICC evaluation board
  - User's guide
  - Schematics
  - Bill of materials
- Linux kernel and board support package
  - Evaluation version of Metrowerks CodeWarrior Development Tools

Supporting suppliers:

**MOTOROLA**

### Ordering Information:

| Part Number     | Hardware                           | Resale       |
|-----------------|------------------------------------|--------------|
| ADS-MOT-857-EVL | Motorola PowerQUICC Evaluation Kit | \$499.00 USD |

### Contact Information:
