

Welcome

Mike Muller
CTO

Welcome

- Welcome and thanks for coming to the 2006 ARM Partner Meeting
 - An opportunity to learn about ARM's existing and new technology portfolio
 - An opportunity to network with the Partnership
 - An opportunity to contact ARM experts

Feedback and This Year's Event

- Thank you for filling in the feedback forms last year
 - Overall the event was rated highly
- We do take on board suggestions for improvements
- For example, you asked for a better understanding of where to use ARM products
 - This year, we are taking an market segment view
- Please fill in your feedback form this year too

APPENDIX 1 - ALL FEEDBACK BY CATEGORY
The table below lists all the recorded customer feedback from the APM. The data has been grouped into the 3 top categories: APM, Products and Services and then by sub category.

APM

Category	Feed back	Description
Venue	neg	Can be tricky for many with Access (Access forms, access)
	pos	ARM booth on time to start to be good for a
	pos	Good for the APM and the
	pos	Venue is fine
	pos	Customers to several of my plus the good
	pos	Very well con good overall
	pos	Good location
	neg	An improved meeting area
	neg	Aside the 'm registered, no anybody with of conference
	neg	Some feedback was not recorded
Organization	pos	A few minor & otherwise, I
	pos	Very well org
	pos	Great value
	pos	The event as
	pos	Very well org
	pos	Good log etc
	pos	No issues
	pos	Very good pr excellent, the
	pos	Logistics were all good. Having tables on the lawn for three days was a well done idea
	pos	Very good initiative. Congratulations to the organizers. However in terms of the overall event, support for the presentation. Need to update your feedback system to a new one. For the future, the next 1-1 meeting
1-1 meeting	neg	Simple 1-1 even though would be better
	neg	Some indication of the open sales and meeting arrangements but we have on the table, meetings often uncomfortable
	pos	I like the technical seminars were interesting with good for 1-1s. Couldn't seem to make one of the walking tours but they were great idea
	pos	Memory sticks was a good idea. 1-1 meetings were good
	neg	It was difficult to view the presentations in the marquee. Another comment about the
	neg	Presentations very lightweight this year and not focused on substance
	pos	Good feedback was generally good but occasionally a hard one. Intel speakers were good
	pos	Presentation very professional and informative
	pos	The presentations attended were informative and professionally presented
	pos	Presentations, Good Structure, Most keynote speakers & different product segments
Presentation	pos	Having that day open on devices showed that ARM is focused on devices
	pos	Very informative
	pos	Very informative
	pos	Very informative
	pos	Very informative
	pos	Very informative
	pos	Very informative
	pos	Very informative
	pos	Very informative
	pos	Very informative
